

# Project Management

29 & 30 September 2021, 9:00am - 1:00pm  
Via Microsoft Teams (2 half-day online sessions)  
RM 500.00 per pax

**PROJECT  
MANAGEMENT**

## PROGRAMME OVERVIEW

This specially curated programme is to teach participants the principles of good project management. The participants will learn how to identify, arrange project resources and create project flowcharts. Important issues of team management are also covered. These learning objectives are reinforced by a project that allows the participants to apply the principles and use the tools that they learnt.

**Upon successful completion of this course, participants will be able to:**

- Discuss the phases of a project management life cycle and the project manager's role in each phase.
- List and discuss basic project success criteria and common reasons for project failure.
- Discuss techniques for planning and sequencing project activities
- Discuss key elements of project management communications and reporting tools

**Module 1:** The Project Management Life Cycle

**Module 2:** The Project Management Processes: A Case Study

**Module 3:** Setting Up for Success

**Module 4:** Identifying Project Task

**Module 5:** The Project Schedule

**Module 6:** Project Tracking and Control

**Module 7:** Project Close-out

## MEET YOUR EXPERT TRAINER

### MR RAVINDRAN CHELLIAH

Ravindran Chelliah is a professional trainer who specialises in best management practices for performance improvement within organisations. He has more than 20 years of business management experience in public relations, business analysis, project management, risk assessment and process improvement. He has extensive corporate experience in the information technology, retail, banking, logistics, hospitality, training and professional services industries.

Moreover, Ravindran is highly passionate about human potential and believes that anyone can achieve 'Peak Performance' with the right attitude, guidance, and knowledge. He firmly believes that everyone can maximise their potential and talents to achieve excellence, and they should continue to pursue creative discoveries of their abilities.

His training tasks include globally recognised certification programs for C-level leaders, senior management teams, general managers, executives and blue-collar workers. Ravindran has worked with many large corporations in Malaysia, Singapore, Brunei Darussalam, Cambodia, Myanmar and Vietnam. As an international certified practitioner in industry best practices, he is passionate about organisations fulfilling customers' needs and values with the expected quality or beyond, using the principles that are available today.

He taught management principles to many participants and had the opportunity to see the difference and more success of the concepts learned. Ravindran makes the training interesting by utilising brainstorming activities and working in groups to identify mistakes and lessons learnt.
